

Flagstaff USD TimeClock Plus MobileClock Setup Instructions

1. Download and open the “TimeClock Plus v7” Mobile app.
Look for hourglass icon.

2. Configure the following settings
 - a. Scheme: https

- b. Host:
272213.tcplusedemand.com
- c. Port: 443

Server

The host is the name of the server, or the network hosting the server, the port is the TCP port that the server is listening on, if you have not been provided with a port then it is likely using the default so there is no need to change it.

Host: 272213.tcplusedema

Port: 443

Next

- 3. Enter "272213" for the **Namespace**

Namespace

The namespace tells the server what database to connect to, if you have not been provided with one then leave it blank.

Namespace: 272213
