Other fees as approved by School Board, as adopted at a public meeting after notice has been given to all parents of pupils enrolled at schools in the District through Board agenda and meeting notices. Independent Study courses in the above areas will also include a fee.

Schools reserve the right to drop classes for non-payment of fees. All course fees are due no later than 10 days after the first day a course meets. Any student who has not paid such fees, made agreed upon progress toward payment or qualified for a full fee waiver by that date shall be administratively dropped from the class.

Exact class names vary between schools. The fee on the above schedule applies to similar courses.

"Principals are authorized to waive the assessment of all or part of a fee assessed if it creates an economic hardship for a pupil."--ARS 15-342. This also applies to Pay to Participate. Those with financial hardship need to see the principal/administrator.

Not all classes are offered at each High School.

Student Dues must be paid prior to the issuing of lockers or parking permits for school property. If locks are not returned to the Bookstore and if lockers are not left clean, a \$10 lock/locker fee will apply at end of year.
