

2ND GRADE

REMOTE LEARNING INFORMATION

Expectations and Guidelines

- Students are expected to properly care and use their iPad device per the F.U.S.D. user agreement.
- Students are expected to log on and participate in the daily schedule and activities with their class and teachers (Attendance will be taken daily).

Canvas Learning Management System

- Canvas is an online management system that gives students access to our curriculum, assignments and activities. Students will have this application on their iPad and will be assigned login information. Students will see their class homepage, their schedule and links to all the activities and class video meetups.

Grading and Assignments

- Students will have opportunities to submit assignments and activities through the Canvas system and other applications. Teachers will also assess students' work through small group and individualized meetings. We will assess work using standards based grading practices with the 1-4 system as we have in the past. Grading expectations and rubrics will be communicated to students and families.

Zoom Meetings

- F.U.S.D will be using Zoom for video conferencing. Students will be given links to click on that will take them directly to our live meetings when we have them according to the daily schedule.

Parent/Student Communication

- Parents will be able to communicate and be sent notifications through email and the Canvas system.
- Students will be able to communicate with their teachers and peers through the Canvas system and video conferencing.
- Teachers and students will set up schedules for individualized support and check ins

Teacher Contact information

- Ms. Thompson's Contact Information:
Email - hthompson@fusd1.org
Website - <https://www.fusd1.org/Domain/451>

Daily Schedule for Students

Through the Canvas System, students will have access to the schedule and activities through clickable links. (For example, students would click on a link at that specific time in the schedule and be given directions for the activities or be taken to the class meetup video conference links/special classes etc.)

Daily Class Schedule

Technology Application

- Throughout the time of our Flexible Remote Learning, students will also learn the accessibility tools that are built into the iPad (video, camera, mark up tools to draw and submit work etc.) We will also explore different applications where students can create different types of projects that show/demonstrate their understanding. This instruction will be built into our daily schedule with the students.
