

Do you want to...

- connect classroom learning to the real world?
- practice and develop skills in real-world scenarios?
- develop soft skills like complex communication, professionalism, and more?
- observe and learn from professionals in action?
- network with potential employers?

AND

earn credit toward graduation?

Then the answer is...

Work-Based Learning

We have an app for that!

If you are willing to complete at least 120 hrs. of work experience, and meet a couple of prerequisites, then we have an opportunity for you...

Contact your school WBL coordinator (listed below) or your counselor to **apply** for the WBL Program and **enroll** in the associated Diversified Cooperative Education (DCE) course at your campus.

Start taking control of your future by developing the skills needed to succeed on your chosen path.
