

Good afternoon Cromer families, this is Principal Gordon and I wanted to remind everyone that tomorrow Wednesday August 24 is open house. This is a great time to visit classrooms and learn about your students day plus the academic and behavior expectations for your student. The open house starts at 530 and we look forward to seeing you. Families please make sure your students have water bottles and headphones for school. All of our technology agreements are due by August 30 students who have not turned them in will not be able to access the internet or apps on their iPads starting Sept 1.
