

Recruitment Continues for CAVIAT Central Programs- New Programs Available for 2020-2021 School Year:

CAVIAT programs are designed to offer students the technical skills needed to find meaningful and essential work. Students may use the skills learned to enter the workforce directly or to use their training and certifications to work while continuing their education. The new programs added for fall of the 2020 school year include: **Computer Information Systems**-which offers programming in Python, server operations and an A+ certification; **Construction Technologies**- creating opportunities to do building inspection, facilities management or property management; **Hospitality Management**-preparing students for working in hotel and property management. **Early Childhood Education** offering students who want to pursue social work, teaching or childcare a pathway to earn early certifications and the **Law and Public Safety and Security** pathway creating opportunities in policing, crime scene investigation and emergency services including dispatch. In the fall, CAVIAT will continue to offer their longstanding programs in **Allied Health- Pre-Health, Medical Assisting, Emergency Medical Services, Nursing Assistant and Vet Assistant**. CAVIAT also has seats available in **Business** (accountancy), **Engineering** and **Alternative Technologies**. For more information go to the CAVIAT website-<http://caviat.org/Central-Programs-2020-2021.html> or contact Ms. Sorden- dsorden@fUSD1.org.

Senior Emma Doskicz- FHS's First Career and Technical Education- FCCLA-AP Academy Capstone Project Presented at NAU Symposium.

Each year FHS senior students, who desire the highest graduation distinction, present a capstone project. This year, Fashion Design and Merchandising completer, Emma Doskicz presented her capstone entitled: *"Those*

Dang Sleds: One Humans Trash is Another Woman's Treasure".

Emma researched upcycled fashion and sustainable practices in the fashion industry then she met with those in our community whose investment and practice is focused on sustainability-specifically sled recycling. Emma gathered the plastic pieces from broken sleds left behind in slow play areas and then she sprayed and turned those sled pieces into small discs. The discs were then sewn onto her dress. Please check out the following link:

<https://nausymposium.secure-platform.com/a/gallery?roundId=3> (On the right-hand side of the page-under Category; find-Flagstaff High School.) Emma's presentation, as well as the presentations other AP Academy students, is available for your viewing.

Dual Enrollment Helps Students Transition to College. It also saves students both time and money...

Even during the COVID 19-quarantine, dual enrollment students persisted. Flagstaff High School had 550 students who continued to pursue dual credits during the "stay-at-home" orders, demonstrating that Early College is important to both FHS students and faculty!

MUSIC -New Dual Enrollment Options for the 20-21 School Year.

Both Dr. McEnaney and Mrs. Galloway have been approved by Coconino Community College to offer

dual enrollment to music students at Flagstaff High School. Information on DE Music classes will be provided soon!!

Raymond Career and Technical Education Scholars for 2019-2020.

Each year, the Raymond Foundation honors CTE program completion seniors from FUSD High Schools. Flagstaff High School has three honorees this year.

Emma Doskicz- (Fashion Design and Merchandising)- Emma served as President of FCCLA-FHS and she interned as a seamstress at Red Thread Sewing in Flagstaff. Additionally, Emma won a \$500 grant from the FMC-GetWellNetwork to pattern and sew unique scrub caps for children. Emma was also named

an Outstanding Student-Athlete Leader and she served as President of the community service (CHICCS) club. She graduates as an AP Scholar and a CTE Completer. Emma will continue her Fashion Design and Merchandising career at ASU in the fall.

Koby Blalock- (Automotive Technology)

Koby and his teammate won Top 10 at the Universal Technical Institute Top Tech Challenge. He served FHS as President of the

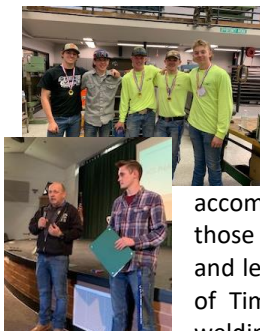

Auto Club which hosted its first ever-Classical Car Show. Koby participated in SKILLS USA and in the CAVIAT Engineering program. He works as a Service Coordinator at Discount Tire-Flagstaff, where he regularly manages tire technicians and is responsible for providing quality customer service. Koby will be attending Universal Technical Institute in the fall to become a BMW technician.

Torrey Yazzie- (Sports Medicine-Rehabilitation Services) During her senior year, Torrey served as an Athletic Training Intern. Working under the direction of Ms. Delia, Torrey aided in helping FHS athletes with injury prevention, on-site care during athletic contests as well as post injury recovery and rehabilitation. Torrey served as a member of the FHS- HOSA team and she assisted with multiple blood drives for our Flagstaff Community. Torrey worked at the Public Health Nursing Center in Tuba City and she took multiple CAVIAT courses to become a Certified Nursing Assistant, which she will complete in the fall of 2020 at Coconino Community College.

FHS CAVIAT Student of the Year is senior Luke Dries. Luke graduated from CCC a week prior to his Flagstaff High School graduation. During his junior and senior year of high school, Luke earned his Alternative Energies Technician I and II certifications as well as a plumbing and electrical certification. Additionally, Luke is a Flagstaff High School welding completer and a master baker! In the fall, Luke will be an apprentice lineman with Arizona Public Service.

CTE Senior- Tim Dana- Champion and Leader

-As a junior, Tim Dana was a Welding Thunder, SKILLS USA Region and AZ Gold Medalist. Finishing Top 12 in the Nation in SKILLS Welding Fabrication was an accomplishment, but Tim sought to better those accolades this year as the sole senior and leader of his welding teams. It is because of Tim's leadership and dedication that his welding teams won Welding Thunder and finished first in SKILLS Regionals. Due to COVID-19 school and competition suspensions, at the state and national levels, Tim's teams were not able to realize their goals; however, the promise of more gold is definitely in Tim's future. Tim graduated Flagstaff High School with his AWS basic and advanced and a scholarship to Warrior2 Inspector.

C-CAP Scholarship Winners for 2020 - Seniors

Haley Marlow and Annecy Malone

The long hours paid off as both ladies will use their scholarships to further their culinary talents. Haley will matriculate to NAU and Annecy to Tempe to attend ASU.
